

# Hunt Part Nine

Ms. C. S. P.

ten and nine and four, July, two mil and six

## What we will say

We will show that any idea can be said in the Game of Four, and thus that all that one may wish to say can in fact be said. To be sure of this, we make use of a step that we call “side to side.” It is very nice to see why this is true. We then use this idea to send info with less data than we knew how to do in the past.

Band worn over the side of the neck  
Bits of the edge of a disk
